

MAYA ACADEMY OF ADVANCED CINEMATICS

Animation | VFX | Multimedia | Gaming

# PLACEMENT REPORT 2022

# INDIA: ALWAYS AT THE TOP OF ITS GAME !

1

India has the 5th largest Media & Entertainment market in the world.

Our audience consumes media across demographics and through various avenues such as - Television out-of-home (OOH) communication, Theatres, Radio, Social Media, Live Events and Print.

2

3

Our Media & Entertainment industry is expected to grow and reach \$100 billion by 2030 at a 10 to 12% CAGR. This growth will be led by OTT, Gaming, Animation and VFX sectors.

Television households in India will continue to grow at over 5% per year with an aim to cross 71% of Indian households by 2025

4

5

In 2020 India had recorded the highest online video consumption. At an average of 10 hours and 54 minutes, an increase of 30% from 2019.

The OTT revenue of the country is expected to grow to \$13 to 15 billion by 2030, growing at a CAGR of 22 to 25% over the next decade.

6

7

In 2020, Indians downloaded 9.2 billion gaming apps i.e. 80% of the entertainment app category download. Online gaming is expected to grow at a CAGR of 27% to reach INR 155 billion by 2023.

Animation & VFX segment is expected to grow to INR 129 billion by 2023. Indian VFX studios have worked on several critically acclaimed international projects like: Dune, No Time to Die, The Witcher and The Avengers: End Game.

8

# CONNECTED WITH THE BEST!

The companies that are affiliated with us for student placements are the best in the Media & Entertainment industry.

From the world

# THE GOVERNMENT'S HELPING HAND!

Our government has taken various initiatives such as: digitizing the cable distribution sector to attract institutional funding, increasing the FDI limit from 74% to 100% on cable and direct-to-home (DTH) satellite platforms, and granting industry status to the film industry for easy access to institutional finance.

Government of India has also announced its plans to develop an Animation, Visual Effects, Gaming and Comic (AVGC) Centre for Excellence, in collaboration with IIT Bombay.

# LET'S STEP INTO THE METAVERSE !

The Metaverse has become a stunning virtually realistic world where individuals access immersive virtual experiences, through VR headsets or other connecting devices. This is an evolution that may profoundly change how businesses and consumers interact with products, services and each other; its financial and economic value goes far beyond virtual reality. In time, much of the revenues associated with video games, music performances, advertising and even e-commerce could migrate into the Metaverse.

Will the Entertainment & Media industry thrive in the Metaverse? The fast-growing market for virtual reality is something to consider. It is currently one of the smaller segments tracked, but the 36% rise in global spending over the past one year is a hint of its long-term potential. The global installed base of stand-alone and tethered VR headsets is projected to grow from 21.6 million in 2021 to 65.9 million in 2026.

# MAKING DREAMS A REALITY!

MAAC Alumni have been a part of various national and international projects.

Raju A, Pathepuram Mahender Goud, Srikanth Gattikoppula, Raj Chandra Bss, Pranay Kumar Dhagam, Sai Vinay Pabbisetty, Venkatayogi Ramakrishna, Masimukku Chaitanya Meher, Nithin Kumar, Bari Venu Gopal, T Harish, Sudagani Ramakrishna, Gafoor, K Mahesh, Vasudev, P Sandeep, Naveen M, Bajar Dinesh, Sandeep Midde, Maloth Kalyan, Shiva Reddy K, Rajesh Burla, Sai Preetham B, Kiran Maloju, Mallesh G, Bharath Yadav, Praveen Thota, Shaik Mujahid, Srikanth K

interviews**

**Providing guidance**

when it comes to the joining formalities  
for the selected students

# HERE'S WHAT OUR ALUMNI HAVE TO SAY!

Name: **Manpreet Singh**  
Designation: **Creative specialist**  
Salary: ₹ 1.84 lacs PM

**I take this opportunity to thank MAAC for helping me realize my dreams and excel in my career.**

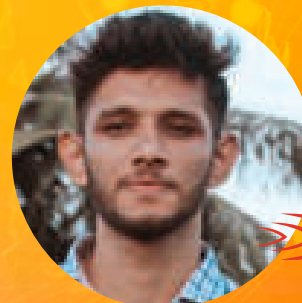

Name : **Mandeep Singh Randhawa**  
Designation: **VFX lead**  
Salary- ₹ 1.10 lacs PM

**It's been 8+ years since I graduated from MAAC. Till date the institute plays an important role in my life - I feel great pride in calling this place my second home!**

Name: **Stuti Verma**  
Designation: **Graphics Designer**  
Salary: ₹66,666/- PM

**Doing a 3 month course at MAAC was a good decision that I took. The curriculum was curated to perfection and there was expert guidance at every step! I am very happy and satisfied with MAAC.**

Name: **Prasham Patel**  
Designation: **FX Artist**  
Salary: ₹60,000/- PM

**My journey with MAAC was a good one! Coming from an engineering background and wanting to pursue a career in VFX was challenging; but the support and guidance from MAAC made it easy. Today I have landed a job of my liking all thanks to MAAC!**

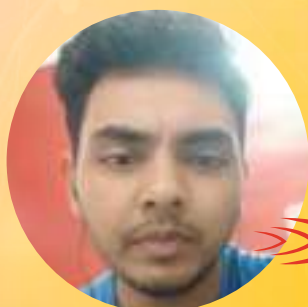

Name: **Vidushi Dhawan**  
Designation: **Graphic and Web designer**  
Salary: **₹60,000/- PM**

**My experience with MAAC has been an extraordinary one. I enjoyed learning and working alongside other students and industry experts. MAAC was my happy place and it can be yours too!**

Name : **Shreyansh Gupta**  
Designation: **FX Generalist & Crowd TD**  
Salary- **₹42,000/- PM**

**The MAAC course I took was a turning point in my life! There was no looking back. The course was a stepping stone and helped me get my dream job.**

Name: **Shubham Monal**  
Designation: **3D modelling & texturing artist**  
Salary: **₹40,000/- PM**

**MAAC has done a great job in unlocking my potential. Studying here helped me get a proper know-how about the VFX and animation industry.**

Name: **Netrali Huware**  
Designation: **Assistant Manager**  
Salary: **₹24,200/- PM**

**I came to know about MAAC through friends and family. MAAC has an amazing curriculum which is made as per industry trends. I didn't have to hustle much for a job after completing the course.**

Name : **Dixita Ghosh**  
Designation: **Lighting Artist**  
Salary- **₹20,000/- PM**

**MAAC has given me a lot of opportunities to participate and ace at various events. Through these events I have honed my skills and gained immense knowledge. I would like to thank all the MAAC faculty members who supported and guided me throughout.**

# A WORLD BEYOND CLASSROOMS

The academics at MAAC provide the students with maximum learning opportunities which make them industry ready. Our students work with state-of-the-art software and tools and are provided skill sets that set them apart!

Following events and initiatives give the students maximum exposure and hands on experience:

24 FPS is the most coveted and prestigious award function for the Animation & Visual Effects not only among MAAC students but also for other people from the industry. Participants start preparing seven to eight months in advance. Students from all our centres take part in showcasing their talent.

MAAC 100 Hours is one of the much awaited events wherein students from every centre participate irrespective of their course, course duration, academic qualification, etc. The students have to build a five member team and make a 3D animated film of 20 to 30 seconds in just 100 hours. Students get hands-on experience of making a 3D animated film- from pre to post-production. They also get to work in a professional environment and shine as a team!

This event has maximum number of students participating, irrespective of their course and its duration. There are 10 categories- students can display their talent in one or more categories with unlimited entries.

This unique initiative by MAAC has select students who are groomed (through technical classes) and made industry-ready. At the end of this 3-month initiative the students are placed in renowned companies in the job roles of their choice.

MAAC's The Big Picture is an initiative by MAAC for its students PAN India. This virtual event is usually spearheaded by industry stalwarts. The speakers host a one hour webinar for the students and take them through the latest happenings in the industry and the future opportunities it holds. This also includes them showcasing some of their best work to the students.

Kick-start your creative journey with MAAC! We provide high-end 3D Animation, Gaming, VFX and Multimedia training to students to excel in the Media & Entertainment industry. The course modules are curated by a panel of experts with the aid of rigorous research and findings. The well-defined curriculums are made keeping in mind the latest trends- through interactive sessions by Industry experts.

**WHO WE ARE &**

**WHAT WE DO!**

We also host events for students to hone their skills and display their work to a larger audience. Their work gets national and international recognition along with numerous accolades to their credit.

Our presence is across the country with more than 120 academic centres, which have successfully trained over 30000 students!

The background of the entire page is a photograph of a modern building with curved, multi-level walkways. Silhouettes of several people are visible walking on these walkways. The lighting is warm and golden, suggesting an interior or evening setting. The text is overlaid on a dark, curved band that follows the architecture of the building.

# **OUR ALUMNI ARE GOING PLACES!**

In the bottom left corner, there are silhouettes of two people. One person is standing and pointing their right arm upwards, while the other person is standing next to them, looking in the same direction. The background behind them is a soft, out-of-focus light.

Here are some of our students who  
have been placed at leading animation  
studios and media houses. The students  
are offered great pay packages and get  
amazing opportunities to thrive!
